### **DETAILED ACTION**

Receipt is acknowledged of the amendment filed on 1/18/2006, which has been entered in the file. Claims 3, 5, 7 and 9-13 are pending.

#### ***Allowable Subject Matter***

1. Claims 3, 5, 7 and 9-13 have been allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fails to teach or fairly suggest (re claim 3) a controller connected to the magnetic write heads and providing for obfuscation of the financial account access code by automatic re-programming of the magnetic recording to disallow a second use of the same financial account access code and to complicate a correct guess of a proper next financial account access code; (re claim 5) a detector connected to signal the controller when a reading of data in the magnetic recording has occurred and thereby trigger removing at least parts of the present magnetic recording and the encoding and programming of a next magnetic recording; (re claim 7) a controller connected to the array of magnetic transducer write heads and providing for an incrementing of a usage-counter record subsequent to each use; (re claim 9) detecting each magnetic reading from above and shuttling along of said magnetic stripe by an external magnetic reader; (re claim 12) means to generate and write a progressing code number to said magnetic stripe from beneath said magnetic stripe and completely within said plastic user payment card without the support of an external reader or writer; (re claim 13) a use detector disposed within the plastic carrier for

sensing when a card reader has been used to read said coded string of bits to trigger the data generator to produce a next coded string of bits; in combination with the other claimed limitations as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
